Nothing new to report.

Water/Garbage and Recycling

Chad Walden provided the monthly revenue report for September 2025 for water and garbage collections.

IEPA Unsewered Communities Grant Status:

Fehr Graham is moving forward with the first stage for the grant request process. Chad is working with the grant writer to provide all necessary information and documentation. This grant application is for the for up to \$35,000 for initial planning and consideration to prepare for requesting funds under the second phase for design and construction.

Ordinance Processes and Enforcement

Nothing new to report.

Streets/Alleys and Drainage:

A new storm inlet is being installed in on the corner of Walnut and Ulmer. This is to replace an old inlet and determine why water is not flowing past this point.

The storm water outlet that collects water from the west side of town will be replaced next week along South Street. The current inlet is deteriorating and sinking into the ground and is drawing water in around the outside of the inlet. This will be replaced with a concrete collection basin to improve the collection of water from multiple inlet pipes before water leaves town.
